## *Courses addressed to Norwegian listed companies with a local focus*

**Euronext Oslo Børs and Academy are glad to present a suite of courses designed for the Norwegian listed and newly listed companies' executive teams.** Here below you may find a short description of the 2026 available courses, the full course calendar as well as a selected list of ***certification programmes*** designed by Academy, the Euronext Group training centre.

### **Investor Relations Fundamentals**

This programme is designed to equip IR managers with the necessary skills and competences to effectively manage investor relations for their organisation ensuring a fair and trustworthy communications between the company and its shareholders and stakeholders.

Delegates will be exposed to learning:

- The purpose and value of the IR role
- The identification of internal and external stakeholders and shareholders
- The development of an effective IR strategy
- The difference between sell/side and buy/side
- Communicating with financial media and managing online IR

### **SRDII impact on AGMs Management, Shareholders' Engagement and Proxy Voting**

This seminar strives to provide participants with a comprehensive overview of the practical implications of SRD II in Norway, examining its impact on issuers, investors and intermediaries.

The programme will explore best practices in shareholder engagement, the influence of proxy voting and its impact, and the role of stewardship and institutional investors' voting guidelines in shaping corporate governance.

The course will deep dive into:

- Key provisions of the Shareholder Rights Directive II
- How to plan and execute a smooth and compliant Annual General Meeting (AGM)
- Tools and strategies to enhance shareholder engagement
- Proxy voting trends and the influence of proxy advisors

## Course for Board Members

This refresher course, held over half a day, will contribute to raise both knowledge and awareness of **the duties of the board and board members' responsibilities**, tasks and possible pitfalls.

Capital Market funding options, the current overarching financial markets regulatory framework as well as the board's role in listed companies are key topics on the seminar's agenda. Our ambition for this course is to help Board members be better prepared to meet their **continuing responsibilities** and to face potential, unforeseen challenging events.

This training programme is designed for:

- Board members
- The company's management
- Others who work with the board of the company

## Continuing Obligations

The programme covers the issuer's main **obligations under the Market Abuse Regulation, key disclosure rules** and other **regulatory requirements** that would enhance the company transparency and its compliance with the local and EU regulatory framework, thus increasing shareholders' trust.

The Course will provide delegates with a solid understanding of:

- The current EU regulatory framework and the main rules of the Euronext Oslo Børs rule book
- The main duties of disclosure and the concept of Inside Information
- How market supervision processes work and the related sanctions

This training programme is addressed to all issuers admitted to trading on Euronext Oslo Børs, Euronext Expand and Euronext Growth Oslo, and particularly to Legal and compliance departments, IR departments and financial analysts.

Training delivered in collaboration with **Advokatfirmaet BAHR**.

## Continuing Obligation for Debt Issuers

The programme covers the Euronext Oslo Bors debt issuers' main **obligations under the MAR, key disclosure rules**, such as the loan document, and all those **regulatory requirements** that would enhance the company transparency and compliance with the current regulatory framework, thus increasing shareholders' trust.

This programme is addressed to Legal and compliance departments, IR departments and financial analysts from all those companies/debt issuers admitted to trading on Euronext Oslo Børs, Euronext Expand and Euronext Growth Oslo.

Training delivered in collaboration with **Advokatfirmaet BAHR**.

## Market Abuse Regulation

The training course is aimed at providing C-suites of listed companies with an overview of the **main rules, sanctions and practical implementation of the Market Abuse Regulation** in Norway.

The programme will cover the key MAR principles and purposes, all relevant concepts related to the **identification** and **assessment of inside information** and the main routines to disclose such data, including unlawful disclosure and market manipulation.

Practical examples will further highlight real life cases of sanctions and pitfalls.

The course is addressed to Legal and compliance officers, IR managers, Lawyers and Advisors, Internal Auditors, and Board Members of listed companies.

Training delivered in collaboration with **Advokatfirmaet BAHR**.
